*Your favourite  
basics and  
timeless  
sportswear  
for 2013*

*...a new  
exciting  
lifestyle  
brand*

## PROMOTIONS AND FASHION UNITED.

Get everybody looking the part with a great selection of apparel that's perfect for bonding your team. Our branded casual-wear collections let you express your image through a choice of everyday basics, timeless sportswear or trendy active lifestyle apparel, including caps.

With three distinct ranges to choose from, it's easy to get started by defining the look that reflects the spirit of your promotion.

US Basic offers unbeatable value on a re-focussed collection of core everyday basics.

Slazenger's timeless sportswear, including five new models for 2013, oozes vintage style while meeting modern demands for quality construction.

The new lifestyle brand Elevate uses proven construction methods and modern fabrics engineered for superior comfort and durability. Its effortless collection balances a fashionable combination of outdoor and urban trends.

# ELEVATE

## ‘LIFE IS SPORT AND SPORT LIVES IN LIFE’

Elevate was created to lift our individual and collective spirit. Conceived in 2006, it combines innovative fabrics with urban style through a brand that reflects our passion for design, innovation and personal expression.

Elevate burst onto the world stage as the 2010 Vancouver Winter Olympics licensee, showcasing its leading design and universal appeal.

While having its roots in Canada, Elevate continues to resonate with markets globally and is now launched in Europe.

Elevate uses proven construction methods and modern fabrics engineered for superior comfort and durability.

This effortless collection balances a fashionable combination of outdoor and urban trends.

Slazenger is a leading global sports company with a long and distinguished history. Its timeless sportswear oozes vintage style while meeting modern demands for quality construction. Slazenger's trusted reputation is upheld throughout its collections of sportswear, leisurewear, bags and accessories that provide a winning combination of style, comfort and functionality.

US Basic is a one-stop-shop for all your favourite basics at the best price-quality ratio. This established value brand offers an incredibly versatile collection of textile essentials, with a broad spectrum of styles and sizes from S to 4XL shaped to fit men, women and kids of all ages. A wide range of both bright and basic colours means this affordable range of key essentials always has something for everybody.

FIND OUT  
YOUR SIZE

# LABEL

A

B

C

## FIND OUT YOUR FITTING

TAILOR FIT: >A

Garment with a more fitted waistline and an overall tighter fit, which accentuates the wearers body shape.

REGULAR FIT: >B

Garment with a straight cut waist line which skims the body being neither too loose or too tight.

RELAXED FIT: >C

Garment is loose and comfortable and drapes over the body for a more relaxed fit.

# 5 FABRICS

## TASLAN >A

A weaving method using nylon yarn which creates a texturized fabric which is slightly shiny and durable.

## MICRO FLEECE >B

Micro fleece is a softer, thinner smoother and stretchier version of the more common polar fleece.

## RIPSTOP >C

Ripstop fabrics are woven fabrics often made out of nylon, using a special reinforcing technique that makes them resistant to tearing and ripping. During weaving (thick) reinforcement threads are interwoven at regular intervals in a crosshatch pattern.

## PIQUÉ KNIT >D

A more texturized fabric comprised of waffled honeycombs regularly used for polo shirts.

## SINGLE JERSEY KNIT >E

A plain knit fabric made on a single set of knitting needles. All the knitted loops are pulled from the face side to the back side of the fabric so back and front side have a different look.

## DEFINITIONS

**End column quantity** — quantity defined for each item, indicating maximum number of pieces that can be decorated within published lead-times.

**Complete order** — complete order is defined as having all necessary information, approved artwork, approved credit and confirmed with our Order Management Specialists.

**Eproof** — a digital visualization of imprint on the chosen item.

**Less Than Minimum Charge (LTM Charge)** - All imprinted orders require minimum quantities as listed throughout the catalogue. Less than minimum orders will be charged for full minimum quantity per imprint item ordered.

## ARTWORK REQUIREMENTS

### Supported file formats:

Vector art such as Corel Draw and Illustrator provides superior reproduction quality and allows images to be resized without loss of sharpness or detail. Therefore for most decorating methods we accept vector files.

### Embroidery:

For already digitized files, we require DST files. If digitizing services are required, please send in art in the acceptable file formats listed below for the other methods.

### All Other Methods:

We require the following file types for all artwork: EPS, PS, PDF, AI, and CDR. All fonts must be converted to outline or vector form. If not possible, all fonts must be included with art (True Type fonts).

### Transfer and doming:

Decoration techniques can also accept pixel art for 4-color process imprints (CMYK). Pixel art must be at least 300 dpi resolution or higher and the art to size. Acceptable pixel art file formats are as follows: TIFF, JPG, PDF, PNG, and BMP.

### Unsupported art file formats:

QuarkXpress, PageMaker, InDesign and Freehand. Microsoft Office programs (Microsoft Word, Microsoft Power Point, Excel, etc.) are not graphics programs and will not be recognized through art acceptance process.

### Half-tones:

Due to textured surfaces, we cannot accept half-tones on stress relievers and portfolios. Halftones are not available on laser engraving, debossing, hot stamping and embroidery.

### CMYK:

4-Colour process imprints are available on transfer and doming, also partly on pad print and silkscreen (white products only). Pixel art must be at least 300 dpi resolution or higher and the art to size. PMS colours are not available in 4-colour process imprints.

### Art charges:

Recreation of traced arts and redrawing of pixel art above 30 min of artist work will be additionally charged per additional 30 minutes.

## OUR DECORATION OPTIONS

### COLOURPRINT

We offer a variety of Colourprint methods (Silkscreen, Padprint, or Screenround) and will choose for you the most appropriate method to obtain high visibility for your artwork.

### EMBROIDERY

This traditional decoration technique is instantly recognized as a high-quality feature that works really well for adding extra perceived value. Embroidery can be applied to both flat and irregular surfaces of all kinds of woven and knitted products. We are able to include up to 12 different colours per embroidery.

**Unacceptable Formats:**

The following formats will not be recognized through our acceptance process: faxes, photocopies, photographs, slides, transparencies, negative stats or films that need to be reversed to positive, letterhead, business cards, actual product or any other art that needs to be touched up, colour separated or made one colour.

**Requests for Artwork on File:**

Artwork is kept on file for up to one year. Re-orders must contain the customer number, SO number plus a copy of the artwork to ensure the correct artwork is pulled for the re-order.

**Artwork Pre-qualification:**

To prequalify artwork, or for artwork questions on new orders or any other inquiries, please contact us.

**Logo Placement and Sizing Information:**

Unless a specific size is indicated on your purchase order, we will determine the most appropriate size for your imprint. If no imprint area is indicated, we reserve the right to decorate in the area most suitable for the artwork and method specified.

**TERMS****Pricing:**

Prices are subject to change without notice. For current pricing contact your Distributor.

**Inventory:**

In the unlikely event that we lack inventory to support your order, we will work with you to find a solution.

**Non-Standard Decorating Locations:**

In cases of Non-Standard Location (NSL) requests for technique or location, additional lead time and charges may apply. For more details please contact us.

**Returns:**

Prior to return, all merchandise requires specific return authorization in order to be eligible for credit. No credit or replacement merchandise will be issued for product unavailable for return.

**Receipt of Goods:**

Recipient is obliged to check condition of packaging and products before signing receipt document. In case of damages or missing, damage report must be drawn up with the local carrier in order to issue any refund.

**General Disclaimer:**

We cannot be liable for delays in delivery or product availability due to customs, shipping or natural disasters. We reserve the right to make slight spec changes to enhance product quality or performance.

**Authorization & Indemnification:**

By placing an order, you represent and warrant that you have the authority to order, purchase and/or distribute merchandise containing the names, trademarks, logos, copyrights, etc. identified and/or submitted with your order. You also agree to indemnify, defend and hold us harmless, from and against all claims, liabilities and expenses (including attorney's fees), arising out of or related to an actual or alleged infringement or misappropriation of any trademark, copyright or any other proprietary right of such merchandise. This provision will remain in effect after delivery of your order.

**Logo Disclaimer:**

Logos shown in this catalogue are for illustrative purposes only, do not imply endorsement and are not for sale except by authorized owner. By submitting order and artwork, the customer represents that the use or display of artwork will not violate any applicable laws or client restrictions.

**Copyrights:**

Products in this catalogue may be patented, have patents pending or be subject to various copyright and/or property rights and/or its owners and principals. These products may not be reproduced in any way (in whole or in part), without express written permission.

**Catalogue Photography:**

Photos may not show true item colours (especially neon, pearlescent, transparent and translucent) due to printing processes. Wood and textile colours may also vary due to dye lots.

**STANDARD IMPRINT / INK COLOURS****PMS match:**

PMS matching cannot be guaranteed on dark or silver coloured items. PMS matching not available on 4-colour process artwork.

**Standard Colours:**

If order specifies "closest to PMS colour", we will use closest PMS colour from the Standard Colour chart below.

Note: PMS colour match cannot be guaranteed on dark or silver coloured items.

Green, Light	PMS 375		

**TRANSFER**

Transferring is done by first creating a screen print image on paper and then using heat and glue to transfer it onto the chosen article. This technique can be applied in multiple colours onto all kinds of woven and knitted products and is a good economical solution for multicolour printing of smaller quantities.

# TEXTILE GLOSSARY

TERM	Explanation
2 WAY ZIPPER	A zipper that opens from both ends, 2 sliders are on 1 zipper.
4 WAY STRETCH	Flexible fabric that can be stretched in any direction
AC COATING	A clear or milky finish made out of Acrylic on the inside of the material which makes the jacket waterproof and breathable.
ANTI-PILLING	Reduction of the tendency for pilling (formation of tiny fibre balls on the fabric surface).
BARTACK	a reinforcement for points of strain in clothing consisting of a bar-shaped line of small stitches worked across several threads
BONDED	a layered fabric structure where shell fabric is joined to a backing fabric with adhesive.
BREATHABLE	The rate of flow of air through the fabric at a given pressure.
CHAIN STITCH	A decorative stitch that forms connecting links like a chain.
CHIN GUARD	Piece of fabric covering the top of the zipper to protect the chin from scraping on the zipper.
COMBED COTTON	A cotton yarn that is smoother, more compact and has fewer projecting fibers.
COOL FIT	Finish of the fibre or the fabric which keeps the body cool during sports.
DIAGONAL OTTOMAN FABRIC	A tightly woven diagonally ribbed fabric.
DIAMAND CHECK FABRIC	A diamond shaped pattern on a material.
DOUBLE FACÉ PIQUÉ	A double knit with a base of 2 intermixed 1x1 ribs. It has a V column on both the out and inside of the fabric. Interlock is more opaque than jersey and more insular.
DOUBLE NEEDLE STITCHING	A double row of stitching normally used on a hem or sleeves.
DOWNPROOF PRESSED FABRIC	Multiple layers of fabric pressed on to each other to prevent down from sticking out through the fabric.
ELASTANE	Elastane is manufactured from at least 85% of a segmented polyurethane. It's renowned quality is very high elastic recovery .
ELASTIC BINDING	Elastic hem finishing.
EYELETS	An eyelet is small round metal insert that is used either for ventilation or finishing the hole for a drawstring.
FLAG LABEL	A label stitiched in a seam protrudes through the side of the garment.
FLATLOCK STITCHING	A line of junction formed by sewing together 2 pieces of material along their margins.
FRENCH TERRY KNIT	Knit structure with C.shaped loops on the back side of the fabric.
GARAGE	Small pocket to hold the zipper slider.
HALF MOON	Half circle shaped extra fabric layer on the inside of the neck.
HEATHER	A combination of several colours of thread to create a blended effect. An alternative name for Melange.
HERRINGBONE TAPE	A tape with a broken twill weave composed of vertical section which look like a fishbone.
HONEY COMBED COTTON	A waffle appearance on cotton in a combed quality.
INTERLOCK	a knit construction made on 2 bed machines which gives a double 1x1 rib. Front and back side of the fabric look the same.
JERSEY	A plain knit fabric made on a single set of knitting needles. All the knitted loops are pulled from the face side to the back side of the fabric so the 2 sides look different.
KANGAROO POCKET	Pouch style pocket at front of a garment.
LAMINATE	Extra layer of material usually glued to outer fabric of garment, for isolation or waterproofing.
MELANGE	A combination of several colours of thread to create a blended effect. An alternative name for Heather.
MEMBRANE	Waterproof sheet of material that is joined to a fabric.
MESH	Mesh has an open structure and lets air flow, allowing for rapid evaporation of moisture.
MICRO FLEECE	Micro fleece is a softer, thinner smoother and stretchier version of the more common polar fleece.
NECK TAPE	Tape finishing on inside neckseam.
NYLON	Man made Polyamide fiber, durable, easily maintainable fabric.
ORGANIC COTTON	Cotton which has been grown without being treated with inorganic chemicals for at least 3 years.
PEACHED	A slightly brushed fabric which is velvet to the touch.
PICK STITCH	Decorative stich with vertical lines
PIPING	A narrow strip of fabric that is sewn into a seam used to finish raw edges of material.
PIQUÉ KNIT	A more texturized fabric comprised of waffled honeycombs regularly used for polo shirts.
PLACKET	The closure area of a garment.
POLYESTER	Polyester as a specific material most commonly refers to polyethylene terephthalate (PET). Polyesters include naturally occurring chemicals, as well as synthetic materials.
PONGEE	A very regular plain weave, supple, fluid, light and very thin.
POWER FLEECE	Compact fleece with smooth outer and brushed inner fabric, more stretchy and comfortable than regular fleece.
PRE SHRUNK	Shrinking process applied to uncut fabric to minimise shrinkage when washing
PU COATING	A clear or milky finish made out of Polyurethane on the inside of the material which makes the jacket waterproof and breathable.
QUILTED	Padding or filling that is stitched in the style of quilt.
RAGLAN SLEEVES	Sleeves stitched with a diagonal seam from the neck to the armpit.
REVERSED ZIPPER	Zipper with the “teeth” of the zipper turned to the inside.
RIB KNIT	A knit with vertical lines creating stretchability.
RINGSPUN COTTON	Ring spinning produces stronger yarns then open-end spinning and is more economical for finer counts of yarn.
RIPSTOP	Ripstop fabrics are woven fabrics often made out of nylon, using a special reinforcing technique that makes them resistant to tearing and ripping. During weaving (thick) reinforcement threads are interwoven at regular intervals in a crosshatch pattern.
SET IN SLEEVES	Sleeves stiched from shoulder seam to armpit.
SHOULDER TO SHOULDER TAPE	Reinforced, or fashion taping running the inside length of the shoulders.
SIDE SEAMS	Closure stitching on the side of a garment.
SIDESLITS	Finished opening on the side of the garment.

TERM	Explanation
SINGLE JERSEY KNIT	A plain knit fabric made on a single set of knitting needles. All the knitted loops are pulled from the face side to the back side of the fabric so back and front side have a different look.
SOFT SHELL	softshell is a bonded fabric that combines partial water resistance with partial wind breaking ability.
STORM FLAP	A flap at the inside of a garment which prevents air from entering through the zipper.
TAFFETA	Taffeta is a crisp, smooth plain woven fabric made from silk or synthetic fibres.
TAPED SEAMS	A strip of fabric attached on the inside to make the seams waterproof.
THUMB HOLES	An opening in which to insert the thumb.
TONAL	Shade from the same colour family
TONE ON TONE	Trims dyed in a matching colour as the garment.
TOP STITCH	To sew a row of stitching close to the seam or edge of (a garment) on the outer side of the fabric.
TUBULAR KNIT	A seamless knitted fabric made in a circular form.
TWILL	Twill is a type of textile weave with a pattern of diagonal parallel ribs.
VISCOSE	Man- made natural fibre, made from cellulose (wood pulp or cotton liners)
VISOR	A piece of fabric projecting from the front of a cap or an elastic headband to shade or protect the eyes.
WELDED	Seam attachments using heat to fuse together 2 parts of a garment.

Available for Men, Ladies and Kids

Available for Men and Ladies

Available for Men and Kids

Up to 4XL: This style is available up to size 4XL

Up to 3XL: This style is available up to size 3XL

XS: This style is available in size XS

Tailor Fit: Garment with a more fitted waistline and an overall tighter fit, which accentuates the wearers body shape.

Regular Fit: Garment with a straight cut waist line which skims the body being neither too lose or too tight.

Relaxed Fit: Garment is loose and comfortable and drapes over the body for a more relaxed fit.

Hooded: This style has an integrated hood.

Detachable hood: The hood of this style can be removed.

Fold away hood: This style has an integrated hood which can be folded and stowed away in the collar.

Anti-pilling: The fabric is treated to prevent pilling.

Two fabrics laminated into one, creating a synergistic fabric that has the properties of both.

Three fabrics laminated into one, creating a synergistic fabric that has the properties of all three.

Shoulder to shoulder tape: The inside of the neckline has been covered with tape from shoulder to shoulder. This enhances comfort.

This style uses YKK® zippers. YKK® is the world’s leading zipper brand and represents high quality.

Elastane in collar: Elastane is used in the collar to improve the shape.

Cool Fit: Cool Fit is a fabric with moisture management properties. It transports the moisture through the fabric and keeps you dry.

Breathable: Breathable is indicated with MVP (Moisture Vapour Permeability). The amount of water vapour that passes through the fabric to the outside but remains water resistant.

Water repellent: The fabric is treated to withstand water.

Water resistant: The fabric is treated to be non-water absorbent.

Waterproof: Waterproof is indicated in millimetres. From 1000 mm, fabric can be called waterproof.

Windproof: Windproof is indicated in mph. The wind will be blocked by the fabric and keeps the warmth inside the garment. When the garment is already waterproof you can call the garment also windproof.

# RULES & REGULATIONS OVERVIEW

TEST METHOD / STANDARD	EUROPEAN DIRECTIVE / REGULATION	CATEGORY	REMARKS
AZO	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments & Caps	Certain Azo dyes can degrade to form carcinogenic or suspected carcinogenic amines.
PHENOLS (PCP/ TeCP)	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments	TeCP are lower derivatives of PCP & has similar properties, used to prevent mold when growing cotton and when storing/transporting fabrics.
PHENOLS (PCP ONLY)		Wooden products - (Children’s & Food Contact)	PCP is a polychlorinated compound used as a preservative to wood, leather, and textiles. PCP is persistent in the environment, harmful to human health, and toxic to aquatic environments. Burning products with PCP may produce highly toxic substances.
PHthalATES	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments & Children’s product	Phthalates are a class of organic compounds added to plastics to increase flexibility. Phthalates are released from plastics and may cause damage to the liver, kidneys, or other organs.
CADMIUM	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	All Products	Cadmium is a heavy metal and class 1 carcinogen, exposure to cadmium over a long period of time via food, water, or air can cause kidney and lung damage, prostate cancer, and reproductive damage.
APEOs	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments	APEOs are known endocrine disruptors, they are oestrogenic, and have carcinogenic properties that affect the hormonal system.
PFOS	2006/ 122/EC Maximum Concentration Values of PFOS	Textile Garments	PFOS are animal carcinogens and have been found to potentially cause liver problems, testicular tumors, mammary gland tumors, prostate gland problems, and endocrine disruptive effects, among other things.
FORMALDEHYDE	NATIONAL LEVEL ·Decree 210/1988, Finland ·Official Gazette, France ·Gefahstoffverordnung, Germany ·The Dutch Commodities Act, Netherland ·Product Regulation No. 922, Norway	Textile Garments & Caps	Formaldehyde is a volatile compound used widely in apparel and textile manufacturing as an anti-creasing and an anti-shrinking agent. In addition, formaldehyde is often used in polymeric resins (e.g. phenol-formaldehyde and urea-formaldehyde). Formaldehyde is a suspected carcinogen. In addition formaldehyde is an irritant and may cause allergic reactions.
ALLERGENIC DYESTUFFS	NATIONAL LEVEL § 30 of Food and Commodities Act, Germany	Textile Garments	These dyestuffs enter the body through the skin which causes allergenic contact dermatitis
CARCINOGENIC DYESTUFFS	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments	Have substances acting as an agent or promoters making the body cells susceptible to DNA damage
BENZENE	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Air freshener Markers Glue	Benzene can be used in a variety of products, for instance as stabilizer in plastics and certain types of rubber. Benzene is both toxic and carcinogenic, and the presence of benzene in toys & consumer products has therefore been restricted.
NICKEL		Wrist-watch cases, watch straps, rivet buttons, tighteners, rivets and zippers and metal marks contained in or intended to be used in garments	Nickel can cause allergic contact dermatitis (ACD). Signs of ACD range from dryness, chapping and inflammation of the skin to eczema and blisters.
TOLUENE		Adhesives, Nail polish, Cosmetics, Rubber cement, paints, Paint thinners, lacquers, Stain removers, Dyes and Inks	Toluene is a sweet-smelling, industrial solvent and a volatile organic compound (VOC).

*Nothing brings you closer*

*The value of a gift*

Complementing advertising campaigns with promotional products will drastically boost their impact. People like receiving gifts even more than we realise. Studies show that more than 70% of target audiences appreciate receiving a promotional product and use it on a daily basis. Over 60% of recipients favour advertisers who send useful gifts. Ask your promotional products distributor how your company can get closer to your customers. For more information, visit our website [www.nothingbringsyoucloser.com](http://www.nothingbringsyoucloser.com)

'Promotional products, nothing brings you closer' is an initiative of EPPA, the European Association of promotional products.
