# SERICIS about Sustainability

#### **GOVERNANCE**

Sustainability is an ethical imperative that we follow at all corporate levels. In partnership with our supply chain, we aim at continuous social, ecological and economic improvement in the sourcing of our products, the products themselves, our logistics chain, and our own production and branding facilities.

#### SOURCING

In partnerships for progress with our vendors and through engagement in multi-stakeholder initiatives, we aim to build ethical global supply chains. Through our factory audit program, we work towards enhanced social standards, improved working conditions for factory workers as well as environmental risk mitigation.

#### **PRODUCTS**

The way we assure product responsibility adds extra value to our promotional products. We are continuously improving our Product Portal, e.g. with information on compliance with European REACH and RoHS chemical requirements, as well as voluntary sustainability standards such as Oekotex certification.

#### **CUSTOMER**

For the customers of promotional goods, sustainable branding becomes increasingly important. Their credibility builds on transparency, reliable sourcing and sustainability of both the production process and the promotional product itself.

#### **PRODUCTION**

For our production facility and pan-European logistics center, environmental excellence is a win-win strategy. Its ISO 14001-certified environmental management aims at continuous improvement of environmental indicators. Long term investments are showing results, e.g. in the reduction of materials and energy consumption.

#### YOUR FINISHING TOUCH

Custom decoration is a great way to reinforce your brand identity. Especially if, as shown throughout this catalogue, you apply it to multiple items. A wide choice of quality techniques, including the impressive new textile method HXD, means you can get both the look you want and the quality you need.

Whether you prefer cool and subtle, distinctively stylish or to boldly grab attention, you can rely on us for expert service. Feel free to ask us for advice and inspiration.

HXD (T) - Unique decoration method - Add dimension to a logo - Perceived value of Embroidery combined with colour range and detail of True Edge Transfer - Durable - Available for a wide range of garments - Max print area: 100 x 75 mm

LASER ENGRAVING (HG) (T) - Create a high-class impression - Unique tone on tone - Best on mid-range colours - Unlimited washability

PADPRINT (HG) - Great all round cost effective solution - Can be applied on virtually any shape - Suitable for any surface texture, including soft products like stress balls - Perfect for multi coloured logos - Fast and economical

DIGITAL PRINTING (HG) - Perfect for multi coloured logos - Create a unique effect with matt, gloss or embossed finishes - Strong resistance to fading or damage - Ideal for small quantities - Can only be applied to flat or slightly curved surfaces

DEBOSSING (HG) (T) - Striking 3D appearance - Subtle tone on tone look - Great for real and imitation leather products - Ideal for waterproof fabrics - Unlimited washability

DOMING (HG) - Create a 3D effect - Strong resistance to fading or damage - Can only be applied to flat surfaces

EMBROIDERY (HG) (T) - Classic decoration technique - Suitable for both flat and irregular surfaces - Tread colours to match any logo - Up to 12 colours per embroidery - Perfect for left/right chest and left/right bicep

INFUSION (T) - Create an untouchable decoration with razor sharp detail - Offers a comfortable, breathable decoration - Offers unlimited colours for one set up

(TRUE EDGE) TRANSFER (HG) (T) - Ideal for fabrics - Perfect for logos with many colours - Allows for extreme detail like small text - Economical solution for multi colour printing or smaller quantities - Maintains integrity of waterproof fabrics

SUBLIMATION (HG) - Premium full colour photorealistic prints - Suitable for polyester fabrics (minimum 60% polyester) and polymer coated products - Soft, flexible imprint that can even be applied over seams and zips - Decoration is resistant to fading and cracking - Only suitable for white products

SCREENROUND (HG) - Long lasting results - Apply sharp, high quality decoration on curved products - Economic choice for large quantities - Multi colour decoration available on a selection of pens - Ideal for text

HOTSTAMPING (HG) - Exceptional superior impression - Ideal for real and imitation leather product - Available in silver and gold finish

SCREENPRINT (HG) (T) - Long lasting results - Good cost effective solution for larger quantities - Allows single and multi colour decorations - Great choice for a distressed look and feel - Can only be applied to flat surfaces

DIGITAL STICKER (HG) - Excellent print quality and details - Regularity of sticker shapes - 50cm<sup>2</sup> max size - 4 days lead time from e-proof approval

# **HEATHERED**

When you select a product to promote your brand, it is important that the receiver loves the product and uses it for a long period of time. One of the best ways to achieve this is to choose a product that fits right in today's retail trends. The first trend to focus on, would be heathered grey. The perfect base to match with any logo and contrast colour. Heathered grey is the new black!

#### **IRIDESCENT**

Sometimes you really want to stand out in the crowd! Make your brand pop! With iridescent colours this will really be the case. Look for these iridescent drinkware items to show that you know what is happening in fashion right now. Use one of the subtle colours to match with your logo.

# **CORK**

More and more companies are looking for natural options when selecting promotional products. They are conscious of the impact of single-use plastics and choose for more sustainable ways to promote their brand. The wide range of cotton and cork products will offer a lot of inspiration for your brand.

# **LIGHT IT UP!**

Light is one of the great ways to make your brand stand out. With a light-up product you literally outshine your competitors. You will find multiple items in this catalogue that have built-in LEDs that will display your logo in a whole new light.

# **TECHNOLOGY**

#### **OZONE**

OZONE WIRELESS CHARGING PAD WITH DUAL OUTPUTS

8,9 x 8,9 x 0,9 cm

ABS Plastic.

A wireless charging pad is a small disc that you place your phone on to charge the battery. It's not entirely wireless since the charging pad needs to be plugged into a wall outlet, but you no longer need to connect your phone to a cable. Wireless charging pads come in a variety of colours and materials.

#### **RUSTIC**

RUSTIC WIRELESS CHARGING PAD

ø 9,5 x 0,6 cm

ABS plastic.

#### **METEOR**

METEOR QI WIRELESS CHARGING PAD

© 7 Ø 9,7 x 0,9 cm

ABS plastic.

Qi (pronounced "chee") is the universal standard for wireless power transfer. More than 70 phone models from major manufacturers are Qi-enabled.

TIZ

TIZ QI WIRELESS CHARGING PAD

ø 9,5 x 1,5 cm

ABS Plastic.

Avenne

# Drinkware Insulation Chart

Based on successful retail drinkware pieces, we have designed a better way to drink with style. Whether you prefer your beverage HOT or COLD

Insulation refers to how the materials and construction prevent temperature change – basically, the ability of a piece to keep a beverage at its original temperature, whether it's hot coffee or ice water. Insulation is achieved through double-wall construction, which has two purposes – to eliminate condensation from cold beverages on the outer wall and maintain the temperature of the beverage within the inner wall.

There are several types of insulation, and we offer them all. It just depends on your budget and the type of performance you're looking for.

Hours indicated may vary depending on item construction, material, ambient conditions, and use.

# **HOW TO BRAND YOUR SWEATER?**

Our apparel is designed to showcase your brand in a whole new way, with unique imprint locations on both the outside and the inside of the garments.

#### **EMBROIDERY**

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
  Up to 12 colours per logo
  Perfect for left/right chest and left/right bicep

# **SCREENPRINT**

Time tested decoration method that enables vibrant and durable graphics on virtually any material. Economic choice for large multi coloured decoration
 Great choice for a distressed look and feel
 Ideal technique for T-shirts

#### TRUE EDGE™ TRANSFER

This cutting edge heat transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text

- Four-colour process or spot colour
   Perfect for logos with many colours
   Alternative to embroidery for thin garments
   Maintains integrity of waterproof fabrics

# The sizing charts reference body measurements.

If you require garment measurements, please contact customer service.

# Chest

Under the arms and across the shoulder blades with a firm and level tape.

# Hip

When standing, measure around the widest part of the hip.

# **ICON INDEX**

WERTECH

Moisture management is achieved at the Yarn stage, where the microfine yarns create s capillary action to channel sweat away.

Unique varns or fabric finishes that transport moisture to the outer surface

Integrated bood that can be folded and stowed away in the collar

Stay warm and feel comfortable with a breathable insulated membrane, and resistance barrier to extreme elements

Seam sealed: Permanently covering the inner seams with waterproof tape for long lasting waterproof protection.

Fabric or garment has been treated during manufacturing to minimize shrinkage during washing.

Fabric is engineered to prevent snagging

Fabric surface us treated to repel water

A special finish used on fabrics that resists a wrinkled appearance after washing many times.

Products allow moisture to escape

from the body

Protect yourself from wind and rain. This technology offers complete comfort in a variety of conditions

YKK® zipper used in the garment. YKK® is the worlds leading zipper brand and represents high quality.

BREATHABLE

Products made of waterproof materials to keep moisture out.

Fabric content provides stretch allowing for a more comfortable fit.

Not too tight. Not too loose. Classic cut that follows the shape of the body with ease of movement.

WATERPROOF

The product's ability to block cold air

Fabric finishes are used to resist moisture penetration

flow from permeating the fabric

Product helps prevent wind from

Generous cut with added ease allowing for loose comfort.

Product provides protection from UV rays. UPF value represents the fractional amount of sun's harmful UV rays that pass through a fabric.

penetrating

RELAXED FIT

Inside opening for easy decoration access

More fitted waistline and an overall tighter fit, which accentuates the body shape.

The skilful blending of natural and man-made yarns results in fabrics that have easy care properties.

A treatment applied to fabric that resists the formation of little balls or pills on the surface of the fabric.

Slightly looser than the regular fit for added comfort

Unique finish that controls bacteria growth, prevents odours and

This product meets the standard of

maintains garment freshness.

Integrated hood

Industrial Laundry ISO 15797.

3 Layer bonded: Three materials of differing characteristics, are joined together, creating a composite fabric with superior performance.

Hood that can be removed.
